Tomorrow, Tuesday AT 12:15PM

- ☐ Risky Business: Navigating Financial Challenges Amid Minnesota's Medicaid Changes
- ☐ FREE for MCA Members | ☐ No CE credit - but FULL of important information

Big changes are coming. Starting January 1, 2026, Minnesota Medicaid will no longer cover chiropractic care for patients age 21 and older. This shift puts providers in a tough spot — how do you keep patients under care and stay compliant?

Join us for this essential session where we'll break down:

- ☐ How to legally offer discounted care
- ☐ Strategies to maintain patient access
- ☐ How to avoid regulatory missteps
- ☐ Tools to protect your clinic's financial health

MCA Represented at the World Games in China!

We're proud to share that our very own **Dr. Adam Millsop**, MCA President, and **Dr. Craig Couillard** had the incredible opportunity to work at the World Games in China this year!

Their involvement on the international stage highlights the outstanding talent and dedication within our association. They also brought back some amazing photos—including a breathtaking fireworks display.

☐ District News – We Want to Hear from You!

Is something exciting happening in your district?

Did you recently:

- ☐ Open a new practice?
- ☐ Welcome a new baby?
- ☐ Hire a new associate?
- ☐ Move to a new building?
- ☐ Plan an upcoming event?

Whatever the news—big or small—we want to know! Help us keep our community connected by sharing updates from your district. Your stories may be featured in our upcoming newsletter.

- ☐ Send your news to Info@MNChiro.com or share it with your district leadership

Let's celebrate and stay connected—together!

FDA Changes Labeling on Opioids, Issues Warning on 7-OH

The FDA announced on July 31 that it will [change labeling requirements](#) on prescription opioid pain medications “to better emphasize and explain the risks associated with their long-term use.” The change follows an FDA public advisory committee meeting in May that reviewed data showing serious risks (misuse, addiction and both fatal and non-fatal overdoses) for people who use opioids long term. In other news, FDA has issued a [public warning](#) of a new and highly addictive type of opioid, 7-Hydroxymitragynine (also known as 7-OH) that is openly available at retail stores, gas stations and online and may be especially appealing to children in forms such as fruit-flavored gummies and ice cream cones.
