### Message from our MCA President

Dr. Sundberg stated

*"As of the end of April, MCA is projected to have a small budget surplus at the end of this fiscal year and is in a solid financial position."*

Dr. Jacob Sundberg, MCA President

It has been my pleasure to be President of such a wonderful association for our profession. Over the past year, I have had the privilege of working with so many dedicated, passionate people who are committed to moving chiropractic forward in Minnesota.

MCA has undergone a great deal of change this past year with the onboarding of ACA to provide day to day management of our operation last June. During this time, the board of directors collaborated with staff to implement several critical changes to ensure the ongoing success and stability of the organization.

Over the past year, MCA staff conducted a detailed operational assessment to identify MCA's strengths and weaknesses, as well as hear directly from volunteer leadership on what MCA's value proposition is to its membership. This assessment shed light on many great aspects of the organization and provided the foundation to develop our [strategic plan](#).

As always MCA will advocate for every chiropractor in the state and their right to practice. MCA will strive to offer members a sense of community where they can network with their colleagues and peers. MCA will continue to provide a robust catalog of high-quality, unbiased professional development and continuing educational programming that provides members with four free CEUS each year- something every member should take advantage of.

I feel we have made great strides this past year. It has been an honor to serve as MCA president and I look forward to seeing our association and profession continue to grow here in Minnesota.

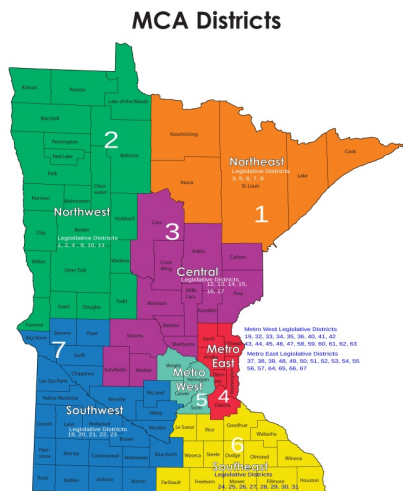

If you are a member of MCA, thank you for your continued support. If you are not, I encourage you to [join](#). We are stronger together.

Sincerely,

*Jacob Auldberg DC*

## National News

### **MCA 2nd-VP, Dr. Jodi Dorpinghaus attended the ACA meeting for the House of Delegates on May 14th.**

The ACA held the House of Delegates (HoD) meeting this month in person for the first time since the pandemic. Several states attended including Minnesota with our very own Dr. Jodi Dorpinghaus, 2<sup>nd</sup>-VP MCA, and ACA's President, Michele Maiers, DC, MPH, PhD, from Minnesota, were in attendance.

The HoD broke out into sessions during this meeting where they were able to discuss specific topics. They shared their findings with the rest of the Delegates.

Dr. Jodi Dorphinghaus and Dr. Michele Maiers discuss ideas during the breakout.

Delegates from around the nation gathered to hear updates and gather important information about our chiropractic profession to share with their individual states.
