"As an office manager, I love the doctor's MCA membership for so many reasons. For one, as a staff member I get free membership, which means access to any of the live or On Demand webinars, the online forum (a great place to get in touch with the chiropractic community, to ask questions or look for answers), and the online Practice Resources.

All of which provide incredibly helpful information. In addition, the MCA staff are always friendly, nice, and above all happy to help answer any of my questions or point me in the right direction. I'm better able to support my doctor and his practice when I have the most up-to-date and accurate information. Thank you MCA for providing that knowledge!"
