September 2022

Association News

Fall is here and the MCA has an action-packed season for all of you! The Northwest district just hosted their 24th Annual Pheasant Hunt at McCollum's Hunting Preserve. It was my first time to the event and it will not be my last! The doctors up in the NW District know how to plan an event, and I suggest you block **September 14th, 2023** in your clinic schedules now. Next year will be the 25th year and let's help them make it huge! A big thanks to Dr. Lucas Biermaier for being daring enough to ask me to present CEUs. It was my first time presenting and it was a bunch of fun! Speaking of education hours, the Education and Events Committee has worked hard to build a lot of CEU opportunities this fall and even a PARTY! You read that right...A PARTY! We are getting back together for an awesome Gala. It will be a night to remember past greats and to give awards to some current greats! Come celebrate and honor all of them with us! Bring your significant others and come have a drink on us, November 18th. I look forward to raising my glass to those that have shown me what it takes to be a great provider and leader!

--

Yours in Health,
Dr. Jake

National

Advocating for Expanding Medicare and Medicaid Coverage

In June, Northwestern Health Sciences University (NWHSU) released a new policy paper, [Closing Conservative Care Coverage Gaps in Medicare and Medicaid](#). In the document, Drs. Michele Maiers and Chuck Sawyer focus on the need to expand coverage for chiropractic and acupuncture services for 64 million older Americans along with low-income individuals and families who, in Minnesota for example, are enrolled in the Medical Assistance insurance program.

The document is the latest in a series from the [Center for Healthcare Innovation and Policy](#) and has been sent to key members of Congress, including all House and Senate members from Minnesota, as well as several Federal agencies. Development and dissemination of the paper, and of those previously published, is an example of NWHSU's thought-leadership and advocacy initiative – and illustrates the institution's commitment to support the professions with which the university is aligned.

The need to increase patient access to non-pharmacologic pain management was also the focus of an op-ed piece, authored by Dr. Maiers, [published in The Hill](#) – the second-most widely read political news outlet (behind CNN). A similar article was also [published in MedCity News](#), an online news source for innovation in healthcare.

For the chiropractic profession, this is a critical time to support the American Chiropractic Association's efforts to influence members of Congress to pass **The Chiropractic Medicare Coverage Modernization Act (S. 4042/H.R. 2654)** by using the [ACA's simple online tool](#).

Make your voice and the voice of your patients heard.
[Contribute to MCPAC now!](#)

Eden Prairie Minnesota, Perpetual Motion Animal Chiropractic

An established small animal chiropractic

Immediate Opening for a Full-Time Chiropractor

Immediate Opening for a Full-Time Chiropractor to join a busy, well-established clinic in Bismarck, ND.

specific clinic is seeking another chiropractic doctor certified and trained in animal chiropractic care to join the team. We want an "A team" player! A motivated courteous professional whose primary purpose is to provide patients the best care according to their needs, whether it is from injury or the goal of living a pain free healthy lifestyle.

This position requires flexibility to start out part time and grow into a full-time position with some coverage when the current doctor is away.

The clinic has been in existence for 12 years offering an opportunity to be mentored by an experienced animal chiropractor, plant your roots, and be a part of a practice in which you can invest in long term.

Opportunity for bonus pay and buy in with longevity. Salary commensurate with experience. For more information and to submit a resume email Dr. Rebecca Amstutz at drbecca@perpetualmotionchiro.com or 612-709-2675
