

Step 1 - Draft your letter:

MCA has drafted letters specifically for MN Chiropractors and Chiropractic Supporters/Medical Assistance patients.

Chiropractors are encouraged to use the drafted letter as a template to share their voice with state policymakers. By personalizing and sending this letter, you can help advocate for the reinstatement and expansion of chiropractic coverage under Minnesota Medical Assistance (MA). Your outreach demonstrates the importance of accessible, cost-effective chiropractic care for patients who need it most.
